

Support and Education For Families Struggling with Substance Use

Third Thursday of Each Month

Join others who love someone with substance use issues for an evening of education and support. Maryland Coalition of Families will provide resources and tools to help your family. Because we've had experience with substance use in our own families, we create a judgement-free, safe environment for all. We can help your family during your toughest times.

Topics included:

- Recovery resources for families
- Addiction as a family disease
- Advocacy versus codependency and enabling
- The language of addiction and recovery
- Reducing stigma

Refreshments will be served
