

Family Focus Fridays Second Friday of the Month

We are stronger together!

Join other parents and caregivers of children who have behavioral health challenges for an open and honest conversation. Receive peer support and information about community resources for your family. Light breakfast will be provided for free. Bring a friend and make some new contacts!

This month, we are excited to talk about the opportunity to advocate for children's behavioral health needs on the Eastern Shore and across the state. We will be sharing ways to raise our voices and share our vision with policymakers so they understand and support the needs of our children and our families.

Note: Childcare will not be provided.

Funding for this program is provided by the Behavioral Health Administration and Mid-Shore Behavioral Health
