

Our Healing Hearts Family Peer Grief Support Now Online

For parents that have lost a child to substance overdose

Child loss to substance overdose is a unique and isolating situation.

We are a grief support group, now meeting online, for any parent coping with this heartbreaking experience.

Because we have been in your situation, we can provide a nonjudgmental, safe space to share experiences and offer peer support and understanding.

Join us to share, learn, listen, and be heard.

We will also discuss any concerns related to COVID-19.

You are not alone.

This program is for families that reside in Carroll County only.
