

MCF employs a Transition–age Youth Specialist to assist families of older adolescents and young adults (ages 16–24 years) across the State to navigate the multiple and complex systems and developmental changes that take place as a youth enters emerging adulthood. MCF has produced a handbook to help families through the transition process, “ [Navigating the Transition Years](#)”

–

Also, a workshop for families entitled, “

[Navigating the Transition Years](#)

”, is offered at various locations throughout the year. For information or assistance, contact
