Let's Talk: A Caregiver Support Group on Substance Use

Join other parents and caregivers who are concerned about their teen's substance use. Take time out to connect with others and receive peer support and information from Maryland Coalition of Families. We provide a confidential space free of judgement in which to ask questions and share experiences. Feel free to join whenever you can, for as long as you can.

To register or for more info, contact Amy Young at ayoung@mdcoalition.org or 410-913-9217
