

For Maryland Families

Our Healing Hearts Support Group

*for parents who have lost a
child to overdose*

Child loss to substance overdose is a unique and isolating situation. We are a grief support group, that meets monthly on Zoom, for any parent coping with this heartbreaking experience.

Because we have been in your situation, we can provide a nonjudgmental, safe space to share experiences and offer peer support and understanding. Join us to share, learn, listen, and be heard. You are not alone. For more info, contact Beth Schmidt at 202-573-6773 or bschmidt@mdcoalition.org

Register at: <https://sforce.co/3CIE6cB>

**Fourth Tuesday Each Month
12:00 to 1:30 PM**

**Group meets virtually on Zoom,
please register to receive
meeting link.**
