TerpsEXCEED is an inclusive post-secondary education program at the University of Maryland, College Park that provides students with intellectual disabilities and autism the opportunity to participate in a college experience for two years, culminating in a certificate.

Meredith Gramlich, UMD Faculty Specialist, will provide an overview of the program, now in its second year. She will discuss admission criteria, deadlines, academic expectations, housing, social life, tuition, scholarships and more.

Wednesday, September 21
6:00 - 7:00 PM
